Motivated computer science student with hands-on experience in collaborative software development and problem-solving. Skilled in modern programming languages, frameworks, and tools, with a focus on creating efficient, reliable, and user-friendly applications

Education

University of California, Riverside (GPA: 3.5)

September 2023 - December 2025

- **B.S. Computer Science with Business Applications**
- O.R.B.I.T.S: Career Leadership Certificate (Obtain Resources, Become Informed, Target Success)
- Relevant Courses: Data Structures & Algorithms, Software Construction, Marketing and Distribution, Technical Communications, Web Development, Database Management Systems, E-Commerce

College of the Desert, Palm Desert

August 2021 - May 2023

- **AA, Liberal Arts: Math and Science**
 - Relevant Courses: Public Speaking
-

Experience

Front-End Web Developer (ACM):

June 2024 - December 2025

- Developed and deployed 4+ responsive websites for UCR clubs and a company using React, TailwindCSS, and Node.js
 - Collaborated with student teams and club leaders to ensure design alignment and meet client needs
 - Implemented UI components for the websites (navigation bars, calendars, buttons), improving development efficiency by 15%
-

Projects

Restaurant Review/Coupon Website (React, Express.js, MongoDB):

August 2025

- Developed a full-stack website where users can review restaurants and share coupons
- Coordinated sprint meetings and managed task allocation with a 3-person team for a timely development process
- Designed frontend & backend architecture; implemented authentication and search features, reducing development time by 20%

Figma Website Designer:

September 2025 - December 2025

- Designed a website for the Rides@UCR club using Figma
 - Collaborated with designers, project leads, and club leaders to establish website design while ensuring feasibility for front-end development
 - Designed several pages of the website, increasing workflow productivity by 50%
 - Accounted for website responsiveness for both desktop and mobile users
-

Skills

Languages: JavaScript, TypeScript, C++, Java, SQL

Tools & Frameworks: React, Node.js, Next.js, TailwindCSS, Bootstrap, Visual Studio Code, Git, GitHub, Express.js, MongoDB, PostgreSQL

Soft Skills: Communication, Listening, Teamwork, Project Planning, Delegation, Bilingual in English and Spanish

Clubs

Association for Computing Machinery (ACM), Member - November 2023 - December 2025

Tennis Club, Member - January 2024 - December 2025
